

Perkaroma: Simplified Service Explanation

What Does Perkaroma Do?

Perkaroma helps offices stay stocked, clean, and running smoothly—all with way less work for you. They handle snacks, coffee, drinks, cleaning and office supplies, and even restock and manage your breakroom. Imagine never running out of coffee again or having to remember to buy cleaning supplies!

How Perkaroma's Service Works (Step-by-Step)

1. Tell Us What You Need

- Share what your office likes (snacks, drinks, supplies) and how often you need help.

2. Get Everything Delivered

- Perkaroma brings all your food, drinks, cleaning, and office supplies—over 50,000 items—right to your door, all in one delivery.

3. We Keep It Stocked & Clean

- Their team visits your office, restocks everything, and checks what's being used (or not).
- If something runs low, they fill it up. If employees aren't using something, they swap it for something better.

4. Handle All the Little Stuff

- They also supply and service breakroom equipment, do light cleaning, and tackle those repetitive office chores no one has time for.
- You never have to worry about surprise fees, account management charges, or hassles with returns—everything's included.

5. Listen and Adjust

- Your team can leave feedback or special requests right through Perkaroma's system. They'll adjust to what your office actually wants.

Real Example: What You Give, What You Get

- **Input from You:**

You might fill out a quick form or chat with Perkaroma. Tell them:

- Number of people in your office
- What snacks, drinks, and supplies your team likes
- Any special needs (like a monthly coffee rotation or certain cleaning products)

- **Output You Receive:**

- Fresh snacks, drinks, and supplies always stocked
- Breakroom and office cleaned and managed
- One simple delivery and bill (less than \$10 for delivery)
- No hidden fees, no more supply headaches
